Boone Memorial Hospital opened its doors in 1964 with the philosophy of "People Serving People" with that concept in mind, our hospital is dedicated to treating each patient on an individual basis.

In the 70's, 80's, and 90's we added many new services and expanded to meet the growing demands of our region.

Our hospital is ready to evolve as healthcare changes. We hope to serve you well into the future. Please let us know how we can meet your health needs right here in our local community.
